At Riggers Loft you will discover the most extraordinary view of the San Francisco Bay. Sailboats drift by as you sip your wine, engage with friends new and old, and perhaps decide to stay on for the stunning sunset. Here on the very edge of the Bay you may even spot a sea lion or two!

You will also discover outrageously delicious, award-winning wines that are made right here at Riggers Loft from some of the best vineyards in Northern California. Or you can try the beautifully made, artisanal hard cider.
